## Vespa World Club News

Vespa World Club Board members from VCE have had a very constructive meeting with the organizers – Vespa Club Portugal. We admire their passion and determination to go ahead with the organization even after two cancelations due to Covid-19 pandemic. The most important information is that current pandemic situation is promising, meaning that we will finally be allowed to travel to Portugal and enjoy their famous hospitality and organizational skills. Please note that they have expressed their concern with some of you not inserting the Payment Code while paying and that there are several payments that they cannot connect to participants. If your club has made payment without Payment Code, please contact organizers.

VWC Board, Club Side, was given a presentation of the plans for VWD 2023 in Interlaken, Switzerland and we can only tell you that you should not miss this event! Beautiful place, great plans for Vespa Village area and wonderful excursion trips. Not to mention the great Team of organizers – Wolf, Chrigu, Andreas, Robert, Chris and Silke. We can't wait! Please note that this event will not be postponed in case VWD Bali is postponed again. So, get ready for Switzerland 2023!
